### **Breaking News: ASA Greenlee Gives Testimony Today at Senate Special Committee on Aging Hearing**

Earlier today, Assistant Secretary for Aging (ASA) Kathy Greenlee testified before the Senate Special Committee on Aging Hearing on Strengthening the Aging Network. The hearing took place in Charleston, West Virginia and she appeared at the invitation of Senator Joe Manchin of West Virginia.

To read ASA Greenlee's written testimony, go to [http://www.aoa.gov/AoARoot/Press\\_Room/Speeches\\_Testimony/archive/2012/docs/WestVirginiaTestimony\\_022012.pdf](http://www.aoa.gov/AoARoot/Press_Room/Speeches_Testimony/archive/2012/docs/WestVirginiaTestimony_022012.pdf)

### **Health Reform to Require Insurers to Use Plain Language in Describing Health Plan Benefits, Coverage**

People in the market for health insurance will soon have clear, understandable and straightforward information on what health plans will cover, what limitations or conditions will apply, and what they will pay for services thanks to the Affordable Care Act – the health reform law – according to final regulations published last week.

The marketing materials that insurers use can sometimes make it difficult for consumers to understand exactly what they are buying. The new rules, published jointly by the Departments of Health and Human Services, Labor and Treasury, require health insurers and group health plans to provide concise and comprehensible information about health plan benefits and coverage to the millions of Americans with private health coverage. The new rules will also make it easier for people and employers to directly compare one plan to another.

### **EPA 6<sup>th</sup> Annual “Sense of Water” Contest**

The US Environmental Protection Agency (EPA) invites the public to submit creative projects to the 6th annual Rachel Carson Intergenerational “Sense of Wonder” Contest. There are four categories: photography, essay, poetry, and dance. This year, in honor of the 40th anniversary of the Clean Water Act, the contest will focus on a “Sense of Water.”

Contest submissions are encouraged to focus on the various properties of water – how it tastes, what it sounds like, how it feels, – and what water means to the entrants.

Carson is considered to be the founder of the contemporary environmental movement through her landmark book, “Silent Spring.” The contest seeks to spur and instill the same sense of wonder Carson had among all generations.

The deadline for entries is June 1, 2012, and winners will be announced in September 2012.

The contest is sponsored by EPA, the Dance Exchange, the Rachel Carson Council, Inc., and Generations United.
