

Business Acumen Network Profile

Network Location

St. Louis, MO

Network Name

Gateway Wellness Network

Network Structure Type

Gateway Wellness Network is currently structured as an informal coalition of community organizations in aging service, healthcare, housing and non-profit sectors. Representatives from 8 organizations serve on an advisory council and over 20 organizations are willing to participate in the collaborative/coalition.

Contract Prospects

- BJC Healthcare Accountable Care Organization
- Esse Health Patient Centered Medical Home
- Centene

Potential Target Population

Medicare and dual eligible beneficiaries with chronic conditions in a 3 county region of St. Louis, Missouri.

Potential Service(s) and/or Service Package

To start, GWN is creating packages of evidence-based health programs in areas of chronic disease management, diabetes management, physical activity and falls prevention. Members of our collaborative have the ability to support care transitions and depression management that may be future growth opportunities.
