1.2 Objectives

1.2B Describe the steps planned regarding outreach to populations in the State that are unserved or underserved by programs under title VII, including minority groups and urban and rural populations.

- Identify the populations to be designated for targeted outreach efforts

Pennsylvania is a state with 2.1 million persons with disabilities living in large metropolitan areas, medium sized cities and rural agricultural communities. Due to the vast differences in the population, it is necessary to determine where the designated population resides. The CILs work plans outreach efforts include: presentations; agency contacts; website; public service announcements; exhibits/displays; and other outreach opportunities as they arise. The DSE and the Federal CILs are all now mandated to make transitioning students from school to work a priority; it is one prong of the fifth core service for centers. It is imperative that OVR and CILs work together to coordinate services for students, to ensure they receive necessary services and are well prepared for finding employment or going on to post-secondary education opportunities. OVR counselors should be encouraged to seek out center staff in order to develop a joint transitioning plan for students ready to leave high school. Training opportunities may be available at the centers that can assist the OVR counselors with a student's preparation for employment. Each Federal CIL will develop outreach materials designed specifically to target individuals who meet the definition of youth, as defined by WIOA.

- Identify the geographic areas (i.e., communities) in which the targeted populations reside

- Describe how the needs of individuals with significant disabilities from minority group backgrounds will be addressed

The PASILC believes that plans for outreach to individuals with significant disabilities from minority group backgrounds are best handled at the local level. Strategies that CILs may consider for implementation include:

1. Work with county officials, disability organizations, and other local contacts in underserved counties.
2. Work with community organizations serving underserved disability and minority groups.
3. Recruit board and staff members from underserved disability types and/or minority groups.
4. Promote outreach activities in nursing homes or other institutions serving individuals with significant disabilities.

With each goal, the PASILC will work with the lead organization and key partners to identify the specific geographic area for implementation of the objectives and activities to reach the identified unserved/underserved population identified by the comments received from the public forums.

1.3 Financial Plan

To the extent possible, the tables and narratives must reflect the applicable financial information from centers for independent living. Refer to the SPIL Instructions for additional information about completing the financial tables and narratives.

1.3B(2) Describe efforts to coordinate Federal and State funding for centers and IL services, including the amounts, sources and purposes of the funding to be coordinated.

1.3B(3) Describe any in-kind resources including plant, equipment or services to be provided in support of the SILC resource plan, IL services, general CIL operations and/or other SPIL objectives.

The DSE develops and manages all grants to the PASILC and state-funded CILs. The DSE also manages the funds distribution in accordance with Commonwealth policies and procedures. While it is necessary to maintain separate funding streams, the DSE and PASILC work cooperatively to assure consistency of services, based on, federal, state and local needs irrespective of whether a CIL is state-funded or Part C funded.

1.3B(4) Provide any additional information about the financial plan, as appropriate.

Pursuant to Section 705 (c)(d)(e) of the Act and proposed rule 45 CFR Part 1329; the PASILC does not engage in activities beyond statutory duties, authorities, and responsibilities.

1.4 Compatibility with Chapter 1 of Title VII and the CIL Work Plans

1.4A Describe how the SPIL objectives are consistent with and further the purpose of chapter 1 of title VII of the Act as stated in section 701 of the Act and 34 CFR 364.2.

The State Plan for Independent Living reflects the beliefs of the PASILC and the PA CILs in promoting a philosophy of independent living including a philosophy of consumer control, peer support, self-help, self-determination, equal access, and individual and system advocacy to maximize the leadership, empowerment, independence, and productivity of individuals with significant disabilities and to promote and maximize the integration and full inclusion of individuals with significant disabilities into the mainstream of American society.

The SPIL encourages coordination, cooperation, and communication between the PASILC and PA CILs as well as the DSE (PA OVR). This provides an opportunity to help ensure that all stakeholders are advised of, sensitive and responsive to the needs of individuals with significant disabilities identified by the centers in their service areas; the plans of the centers to address those needs; and that the PA CILs operate in a manner consistent with the SPIL. (34 CFR 364.42(c))

1.4B Describe how, in developing the SPIL objectives, the DSU and the SILC considered and incorporated, where appropriate, the priorities and objectives established by centers for independent living under section 725(c)(4) of the Act.

The PA CILs, the PASILC, and the DSE are all part of the SPIL planning team. Every effort is made to ensure that all stakeholders have ample opportunities to provide input into the development of the objectives for the SPIL, as well as the other elements of the State Plan. The PA CILs provided leadership in the development of the objectives, action steps, and outcomes for this SPIL. The PASILC and the PA CILs consider the CIL work plans, developed by the individual centers in compliance with section 725(c) (4) of the Act, when developing or revising the SPIL. At the same time, as each center develops its work plan for each 704 Report, they include in their work plan the objectives outlined in the current SPIL for which they have responsibility.

1.5 Cooperation, Coordination, and Working Relationships Among Various Entities

Describe the steps that will be taken to maximize the cooperation, coordination and working relationships among the SILS program, the SILC, and centers; the DSU, other State agencies represented on the SILC and other councils that address the needs of specific disability populations and issues; and other public and private entities determined to be appropriate by the SILC.

The description must identify the entities with which the DSU and the SILC will cooperate and coordinate.

The SILC, OVR, CILs and the Rehabilitation Council (PaRC) have a strong partnership that includes cooperative strategizing, planning, communication, and coordinated efforts.

The Director of OVR provides a report at each SILC meeting to share an update on the agency and to provide a forum for questions, expression of concerns, and sharing of information.

The PASILC Executive Director has quarterly meetings with the DSE/OVR Executive Director to maintain good communication and share pertinent information on a regular basis.

The PASILC Executive Director is, and will continue to be, an active member of other boards, councils, and organizations that provide an opportunity for coordination and improvement of services and supports for people with disabilities. PASILC has provided a voting seat for the PaRC council member who provides opportunities for communication and collaboration.

The PASILC, CILs, and DSE will cooperate and coordinate with any agency, council, or public or private entity when such a relationship is consistent with the SPIL and the Act to ensure persons who have disabilities have access to community-based resources that promote personal choice and facilitate the achievement of their independent living goals. Through such cooperation and coordination, the SILC will advocate for the rights and needs of persons who have disabilities and for policy and system changes which address those needs and promote the independent living philosophy.

In addition, the PASILC will be an active member of the National Council on Independent Living (NCIL), the Association of Programs for Rural Independent Living (APRIL), and other organizations to improve services and the lives of Pennsylvanians with disabilities.

The PASILC, CILs, and DSE will cooperate and coordinate with the Legislature and Congress by providing information and technical assistance upon request from legislators and/or legislative staff.

The PASILC strives and will continue to strive to ensure representation from state agencies and entities necessary to develop, foster, and maximize working relationships that will benefit efforts to achieve our mission and goals.

The PASILC intends to conduct the following coordination/cooperation activities, with consideration to the new SILC authorities in the Act:

? Work with other organizations, identify and, as necessary, develop materials to increase the knowledge and understanding of the public and public policy makers about disabilities, the rights of people with disabilities, working with people with disabilities, and the benefits of inclusiveness.

? Collaborate with the CILs to create a communication campaign to:

- o improve the visibility of SILC and CILs

o promote the idea of independence

? Collaborate with the CILs to improve disability resource information available through 211 and on-line resource databases in Pennsylvania.

? Collaborate with the CILs to educate Pennsylvania's Congressional delegation and national associations about the impact of, and the need to revise, the current funding formula for Part C funding.

1.6 Coordination of Services

Describe how IL services funded under chapter 1 of title VII of the Act will be coordinated with and complement other services to avoid unnecessary duplication with other Federal, State, and local programs, including the OIB program authorized by chapter 2 of title VII of the Act, that provide IL- or VR-related services.

DSE, PA CILs and PASILC make concerted efforts to use existing programs to gain maximum benefit of Title VII, Chapter I funds. Through consumer and professional liaison interactions with state and local entities information regarding program application and eligibility, scope of services and policy modifications is shared with the disability community on a regular basis.

The composition of the PASILC assures a broad, cross representation of these entities, as well as the opportunity to disseminate information/updates as applicable, to the membership.

The DSE is charged with referring interested individuals to appropriate resources that would enhance their independent living capacity, while addressing vocational rehabilitation issues.

The DSE and the CIL's are all now mandated to make transitioning students from school to work as a priority; it is one prong of the fifth core service for centers. OVR counselors are to work with students while they are in school and the centers are to work with students once they have left post-secondary education. It is imperative that OVR and CILs work together to coordinate services for students, to ensure they receive necessary services and are well prepared for finding employment or going on to post-secondary education opportunities. OVR counselors should be encouraged to seek out center staff in order to develop a joint transitioning plan for students ready to leave high school. Training opportunities may be available at the centers that can assist the OVR counselors with a student's preparation for employment.

1.7 Independent Living Services for Individuals who are Older Blind

Describe how the DSU seeks to incorporate into, and describe in, the State plan any new methods or approaches for the provision of IL services to older individuals who are blind that are developed under the Older Individuals who are Blind program and that the DSU determines to be effective.

2.2 Arrangements for State-Provided Services

2.2A If the DSU will provide any of the IL services identified in section 2.1A through grants or contractual arrangements with third parties, describe such arrangements.

All IL services under Title VII, Part B are provided through contracts to the Part C funded Centers for Independent Living to provide IL services to people with significant disabilities. State IL funds are provided through grants to Part C funded CILs to provide IL services.

Determination of eligibility for all IL services lies with the CIL providing services to the individual. All projects provide program and financial reports to the DSE as well as making a presentation at a PASILC meeting at least annually.

2.2B If the State contracts with or awards a grant to a center for the general operation of the center, describe how the State will ensure that the determination of an individual's eligibility for services from that center shall be delegated to the center.

The State does not award any funds to a center for their general operation, so this section is N/A.

3.1 Existing Network

Provide an overview of the existing network of centers, including non-Part C-funded centers that comply with the standards and assurances in section 725 (b) and (c) of the Act, and the geographic areas and populations currently served by the centers.

3.2 Expansion of Network

Describe the design for the further expansion of the network, including identification of the unserved and underserved areas in the State and the order of priority for serving these areas as additional funding becomes available (beyond the required cost-of-living increase).

Priority 1

Advocate for increased Title VII, Part C funding for the current Centers for Independent Living while meeting the Federal standards and indicators for CILs.

Priority 2

As new Part C funding is appropriated, additional new CILs should be added, with priorities based on input from public meetings. Regardless of funding source, the use of funding to expand the network and establish new CILs will be directed by this SPIL in compliance with PA State Code. If new Part C funds are appropriated to start a new CIL, a time and place discernment process will be determined by the existing Centers for Independent Living.

The PA IL Network intends to complete in a timely manner, the steps necessary to amend the PA FY 2017-2019 SPIL that will include language addressing the disbursement of funds available to the State when a voluntary relinquishment or termination of Part C funds occurs.

3.3 Section 723 States Only

3.3A If the State follows an order of priorities for allocating funds among centers within a State that is different from what is outlined in 34 CFR 366.22, describe the alternate order of priority that the DSU director and the SILC chair have agreed upon. Indicate N/A if not applicable.

N/A

3.3B Describe how the State policies, practices and procedures governing the awarding of grants to centers and the oversight of these centers are consistent with 34 CFR 366.37 and 366.38.

Part II: Narrative: Section 4 - Designated State Unit (DSU)

4.1 Administrative Support Services

4.1A Describe the administrative support services to be provided by the DSU for the SILS (Part B) program and, if the State is a Section 723 State, for the CIL (Part C) program. Refer to the SPIL Instructions for additional information about administrative support services.

The PA Labor & Industry Division of Rehabilitation Services (OVR) is the Designated State Unit for administration of the State plan for vocational rehabilitation and supported employment programming under the Act.

The chairperson of the Statewide Independent Living Council and the directors of the state's centers for independent living have requested OVR to serve as the Designated State Entity (DSE) for the State Independent Living Services program (Part B). OVR has agreed to accept that responsibility. In carrying out its duties as DSE, OVR assures that it will:

- (1) Receive, account for, and disburse funds received by the State under Part B;
- (2) Keep such records and afford such access to such records as the Administrator (of the Administration for Community Living) finds to be necessary with respect to the programs;
- (3) Submit such additional information or provide such assurances as the Administrator (of the Administration for Community Living) may require with respect to the programs;
- (4) Retain not more than 5 percent of the funds received by the State for any fiscal year under Part B, for the performance of these services;
- (5) Adopt fiscal control and fund accounting procedures as may be necessary to ensure the proper disbursement of and accounting for federal funds provided to centers for independent living, the Statewide Independent Living Council, and/or other services providers under the Independent Living Services program;
- (6) Comply with all applicable federal and state laws and regulations, including those in 45 CFR part 75 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards);
- (7) Arrange for the delivery of independent living services under Title VII, Part B, of the Act;
- (8) Arrange for the necessary and sufficient resources needed by the Pennsylvania Statewide Independent Living Council to fulfill its statutory duties and authorities, as authorized in the approved State Plan for Independent Living; and,
- (9) Perform such other duties and functions consistent with the Pennsylvania State Plan for Independent Living as may be mutually agreed upon by the parties.

PA OVR further assures that as DSE it also will carry out its other responsibilities under the Act, including, but not limited to, arranging for the delivery of independent living services under Part B of the Act, and for the necessary and sufficient resources needed by the Pennsylvania Statewide Independent Living Council to fulfill its statutory duties and authorities, as authorized in the approved State Plan for Independent Living.

4.1B Describe other DSU arrangements for the administration of the IL program, if any.

? Conduct outreach to and leadership development activities for youth with disabilities.

? Educate SILC members and staff on the new federal prohibitions against lobbying.

5.1B Describe how the following SILC resource plan requirements will be addressed.

- The SILC's responsibility for the proper expenditure of funds and use of resources that it receives under the resource plan.

The PASILC has an internal process for proper expenditure of funds. See Section 6.4 below for details. In addition to this process, the Finance Committee meets regularly to ensure the funds meet the program responsibilities as well as being properly accounted for. The PASILC also has an annual program audit. The PASILC is in continual communication with the DSE to ensure

the resources are expended properly both before the passage of the plan and during the implementation.

As a contractor, PASILC agrees, as follows, to be responsible for establishing and maintaining adequate procedures and internal financial controls governing the management and utilization of

funds provided hereunder which will be in the form pursuant to generally accepted accounting procedures.

In addition, the PASILC has in place fiscal policies and procedures which address internal controls, safe-guarding assets, expenditures, inventory, cash receipts, cash disbursements, bank statement reconciliation, management information systems, inter-fund borrowing, non-expendable property, compliance with all federal and state laws and regulations, and the annual budget process. PASILC develops a budget, to the maximum extent possible, based on existing net assets and anticipated assets under current agreements. Budget revisions are made, as needed, when new funding is received during the fiscal year.

- Non-inclusion of conditions or requirements in the SILC resource plan that may compromise the independence of the SILC.

There are no conditions or requirements that are imposed by the DSE or any other entity that may compromise the independence of the PASILC, and the PASILC relies to the maximum extent possible on the resources in existence during the period of the implementation of the SPIL.

- Reliance, to the maximum extent possible, on the use of resources in existence during the period of implementation of the State plan.

All funds included in the SPIL are based on current fiscal year appropriations and are subject to continued appropriations. Should appropriations cease, be decreased, or be increased, the PASILC and PA CILs will review, and revise as needed, the funding amounts in the SPIL. Any circumstances impacting the availability of funds for the SILC resource plan will result in the SILC and DSE renegotiating the funding for the SILC resource plan.

5.2 Establishment and Placement

Describe how the establishment and placement of the SILC ensures its independence with respect to the DSU and all other State agencies. Refer to the SPIL Instructions for more information about completing this section.

The PASILC is an independent 501(C)(3) entity that operates with a governing board of directors. The DSE and the PASILC work in collaboration as described by the Rehabilitation Act as amended.

5.3 Appointment and Composition

Describe the process used by the State to appoint members to the SILC who meet the composition requirements in section 705(b). Refer to the SPIL Instructions for more information about completing this section.

Members of the PASILC are appointed by the Governor of the state of Pennsylvania. An application process is in place to ensure the SILC composition and qualification requirements are

met. The chairperson is elected, from among the voting members of the SILC, by the voting members of the SILC. Term limits are maintained through record-keeping and by filling vacancies for full terms or partial terms, as applicable. Vacancies are filled in the following manner: The appointed members of the PASILC conduct an annual solicitation of applications for SILC membership statewide. Applications include demographics, background information, experience, and other information necessary to ensure compliance with the composition requirements and to bring the skills, experience, and representation needed for effective functioning of the SILC. Applications received are reviewed by a committee of the SILC considering all federal requirements, current make-up of the PASILC, and upcoming vacancies. The committee develops recommendations for appointment and presents them to the full PASILC for consideration. Final recommendations are approved by the PASILC and are submitted to the Governor as nominations for appointment. Information presented to the Governor includes the demographic mix of the PASILC and how each nomination lends to compliance with composition requirements, any resume's provided by applicants, justification for the appointment of each nominee, and the recommended appointment term for each nominee.

5.4 Staffing

Describe how the following SILC staffing requirements will be met.

- SILC supervision and evaluation, consistent with State law, of its staff and other personnel as may be necessary to carry out its functions.

PASILC staff members are employees of the non-profit corporation. The executive director is hired and supervised by the PASILC executive committee. All other staff are hired and supervised by the executive director. The PASILC is in compliance with all state and federal employment laws and completes all necessary reporting and documentation. Staffing is maintained using the SILC resource plan funds and PASILC contracts and grants.

- Non-assignment of duties to SILC staff and other personnel made available by the DSU, or any other State agency or office, that would create a conflict of interest while assisting the SILC in carrying out its duties.

The DSE does not interfere in any way with the SILC staff. There is no staff made available to the SILC by the DSE or any other entity that would create a conflict of interest.

Part II: Narrative: Section 6 - Service Provider Requirements

Describe how the following service provider requirements will be met:

6.1 Staffing

- Inclusion of personnel who are specialists in the development and provision of IL services and in the development and support of centers.

All providers of IL services in PA under the SPIL are centers for independent living funded under Title VII, Part C of the Act. All grantees under the SPIL must comply with the Standards and Assurances for CILs under Section 725 of the Act and as a result are Part C funded CILs. Therefore, all service providers meet the following requirements as directed by and monitored by ACL.

The CILs ensure staff are specialists in the field of independent living, alternative communication, and to the maximum extent possible, provide staff who can communicate in native languages, and alternative forms of communication.

- Availability, to the maximum extent feasible, of personnel able to communicate (1) with individuals with significant disabilities who rely on alternative modes of communication, such as manual communication, nonverbal communication devices, Braille, or audio tapes and (2) in the native languages of individuals with significant disabilities whose English proficiency is limited and who apply for or receive IL services under title VII of the Act.

Each center maintains a list of interpreters, peer counselors, and other individuals who may assist with various forms of communication when necessary.

- Establishment and maintenance of a program of staff development for all classes of positions involved in providing IL services and, where appropriate, in administering the CIL program, improving the skills of staff directly responsible for the provision of IL services, including knowledge of and practice in the IL philosophy.

All CILs provide new staff orientation and training, using their individually developed procedures manuals and other independent resources that are available through outside sources. (ILNET, ILRU, NCIL, etc.)

All CILs provide staff development opportunities via the ILNET program, attendance at conferences such as NCIL, private training seminars, college classes, and web-based training opportunities. All staff are required to complete an individual training needs survey for the annual 704 Report, which are then tallied into the priorities of each CIL.

- Affirmative action to employ and advance in employment qualified individuals with significant disabilities on the same terms and conditions required with respect to the employment of individuals with disabilities under section 503 of the Act.

All PA CIL members take affirmative action to advance in employment qualified individuals with disabilities on the same terms and conditions required with respect to the employment of individuals with disabilities under Section 503 of the Act.

6.2 Fiscal Control and Fund Accounting

- Adoption of those fiscal control and fund accounting procedures as may be necessary to ensure the proper disbursement of and accounting for funds made available through parts B and C of chapter 1 of title VII of the Act, in addition to complying with applicable EDGAR fiscal and accounting requirements.

Process for disbursement of funds:

Request for funds (RFFs) are prepared based on monthly expenses and sent to OVR for approval

Manager of Finance and Administration verifies and codes invoices and records entries into Quick Books Accounting software and runs a select for payment report.

Executive Director approves and then sends the report onto the PA Chair and Treasurer for approval.

Executive Director signs all checks under \$5,000. A second signature is required for checks higher than that amount by PASILC Chair or Treasurer

6.3 Recordkeeping, Access and Reporting

- Maintenance of records that fully disclose and document the information listed in 34 CFR 364.35.

All fiscal records are maintained in each center's corporate office in accordance to the IRS requirements as to the number of years and types of records to be maintained. A list of those

IRS requirements have been obtained by independent auditors to ensure compliance with those requirements.

- Submission of annual performance and financial reports, and any other reports that the Secretary determines to be appropriate

All centers will file the annual performance report by the designated date, as required by the continuation award notice received by each federally funded CIL. Centers will maintain the supporting documentation for fiscal control and fund accounting procedures that ensure proper

disbursement of and accounting for Federal funds. Centers will also submit any other reports/data as may be requested by the Secretary or Administrator.

- Access to the Commissioner and the Comptroller General, or any of their duly authorized representatives, for the purpose of conducting audits, examinations, and compliance reviews, to the information listed in 34 CFR 364.37.

All records that are maintained by the centers, both fiscal and programmatic, are kept in secure locations to ensure that independent auditors, State of PA auditors, and any Federal representative may review them at any time necessary.

6.4 Eligibility

- Eligibility of any individual with a significant disability, as defined in 34 CFR 364.4(b), for IL services under the SILS and CIL programs.

Eligibility is determined based solely on presence of significant disability for core services.

- Ability of any individual to seek information about IL services under these programs and to request referral to other services and programs for individuals with significant disabilities.

Information and referral can be obtained through various mechanisms of the IL program. If necessary, follow-up services will be provided.

- Determination of an individual's eligibility for IL services under the SILS and CIL programs in a manner that meets the requirements of 34 CFR 364.51.

Eligibility is determined according to the law.

- Application of eligibility requirements without regard to age, color, creed, gender, national origin, race, religion, or type of significant disability of the individual applying for IL services.

Eligibility is not determined based on age, color, creed, gender, national origin, race, religion, or type of significant disability.

- Non-exclusion from receiving IL services of any individual who is present in the State and who is otherwise eligible for IL services, based on the imposition of any State or local residence requirement.

In Pennsylvania, all persons with disabilities can receive services regardless of any state or local residency requirements.

6.5 Independent Living Plans

- Provision of IL services in accordance with an IL plan complying with Sec. 364.52 and mutually agreed upon by the individuals with significant disabilities and the appropriate service provider staff unless the individual signs a waiver stating that an IL plan is unnecessary.

All recipients of IL services either have an IL Plan or a waiver.

6.6 Client Assistance Program (CAP) Information

- Use of accessible formats to notify individuals seeking or receiving IL services under chapter 1 of title VII about the availability of the CAP program, the purposes of the services provided under the CAP, and how to contact the CAP.

All CILs have policies and procedures in place. All CILs will notify individuals seeking or receiving IL services of CAP in accessible format

6.7 Protection, Use and Release of Personal Information

- Adoption and implementation of policies and procedures meeting the requirements of 34 CFR 364.56(a), to safeguard the confidentiality of all personal information, including photographs and lists of names.

Policies and procedures will be in place ensuring the proper level of confidentiality.

Part II: Narrative: Section 7 - Evaluation

Describe the method that will be used to periodically evaluate the effectiveness of the plan in meeting the objectives established in Section 1. The description must include the State's evaluation of satisfaction by individuals with significant disabilities who have participated in the program.

Section 7: Evaluation

Goal(s) and the related Objective(s) from Section 1	Method that will be used to evaluate
<p>To better serve those populations that are unserved or underserved.</p> <p>To improve the availability and access to independent living opportunities.</p> <p>To increase access to and delivery of information utilizing all available access</p> <p>To ensure the SILC is financially sound.</p>	<p>Strategies for monitoring and evaluating objectives in the SPIL work plan include the following:</p> <ol style="list-style-type: none"> 1. Review the SPIL at each SILC meeting and evaluate whether timelines are being met: <ul style="list-style-type: none"> - If action steps and/or objectives have not been accomplished, analyze why and determine what adjustments need to be made; - Develop strategies for measuring whether indicators have been met. 2. Work with PA CILs to determine how data will be gathered. 3. Review the annual Consumer Satisfaction Survey Report summarizing responses from consumers receiving independent living services during the year. 4. Review the quarterly and annual Community Living Services Program reports. 5. Review the 704 Reports (Part II) from the PACIL members. 6. Review ACL/ILA Site Review reports of CILs when available. 7. Invite each CIL to do an annual presentation at a SILC meeting to discuss their programs and operations. 9. Review the 704 Report (Part I) for Pennsylvania. <p>The PASILC will review these strategies annually and will adjust and further develop the Evaluation Plan as needed.</p>

Part II: Narrative: Section 8 - State-Imposed Requirements

8 State-Imposed Requirements

Identify any State-imposed requirements contained in the provisions of this SPIL.

In 1994, disability advocates in Pennsylvania helped to secure state passage of the Independent Living Services Act (Act 139). It is nearly identical to the Rehab Act which was reauthorized within Workforce Innovation and Opportunity Act (WIOA) and will ensure the intent of the Rehab Act will always be protected in Pennsylvania.

The state act is identical to the federal legislation with one key difference: 50 percent of Centers for Independent Living in Pennsylvania must be members of the SILC. Due to this requirement, which the SILC had supported, the number of SILC members has automatically increased as the number of CILs in Pennsylvania has grown. Although they are members of the SILC, they do not add into the number of persons with a disability.
