1.2 Objectives

1.2B Describe the steps planned regarding outreach to populations in the State that are unserved or underserved by programs under title VII, including minority groups and urban and rural populations.

- Identify the populations to be designated for targeted outreach efforts

Much of TN is rural and all the CIL service areas can be considered underserved as no CIL yet, has the capacity to serve the population of people with disabilities within their service area. Funding continues to be a barrier to build the capacity of the current Centers, yet with the new SILC duties and authorities, the TN IL Network is committed to resource development. The TN SILC prioritizes raising all CILs to a minimum funded set at \$200,000. The SILC emphasizes focusing on developing the current network of CILs to provide services to more Tennesseans with disabilities. According to the U.S. Census Bureau Tennessee's overall population, as of July 1, 2015 equal 6,600,299, with 18.3% or 1,207,855 people in poverty, 14% or 930,642 people without health insurance, and 739,234 people with a disability. Tennessee's minority populations include: 16.7% Black or African American, 5% Hispanic or Latino, 1.7% Asian and .4% American Indian and Alaska Native. The DSE and the CIL's are all now mandated to make transitioning students from school to work a priority; it is one prong of the fifth core service for centers. Each CIL will develop outreach materials designed specifically to target individuals who meet the definition of youth, as defined by WIOA. The CILs will help identify entities, stake holders and venues that will provide access to eligible youth or service providers that serve youth such as Special Education Depts., youth transition fairs, Technical Schools, etc. for outreach activities. CIL's are also mandated to provide transition and diversion services for individuals who are living in institutional settings wishing to live in an integrated community based setting of their choice. Currently, funded transition services are provided through the state's Money Follows the Person program. However, these services must be driven by the center's capacity to do so, since the mandate did not include supplementary funding to provide this additional core service.

- Identify the geographic areas (i.e., communities) in which the targeted populations reside

The CILs will focus outreach effort to increase awareness of availability of services. Efforts will include individual CIL activities as well as joint SILC activities with an ongoing focus on resource development. This outreach will include all the counties that are not served by the CILs' Part C grants. The following counties will be targeted by outreach efforts: Dyer, Lauderdale, Tipton, Fayette, McNairy, Hardin, Wayne, Lewis, Lawrence, Giles, Hickman, Maury, Marshall, Bedford, Lincoln, Bedford, Moore, Franklin, Coffee, Cannon, DeKalb, White, Smith, Trousdale, Macon, Clay, Pickett, Overton, Putnam, Vanburen, Warren, Cumberland, Fentress, Scott, Morgan, Roane, Campbell, Anderson, Loudon, Blount, Monroe, Sevier, Jefferson, Union, Grainger, Hamblen, Sullivan, Johnson, Carter, Washington, Unicoi, Greene, Hawkins, Hancock, and Claiborne.

- Describe how the needs of individuals with significant disabilities from minority group backgrounds will be addressed

CIL staff will maintain contact with local community partners that are minority focused to educate them on CIL services and encourage referrals. CIL staff will collaborate with youth and family focused organizations, to increase independent living opportunities to young people with disabilities. The CILs, as cross disability organizations, will continue to collaborate with local groups representing minorities, such as Native Americans, Hispanic, Asian, African American, and others representing minority groups so that IL services are provided in an accessible manner to those they represent. CILs will continue developing culturally appropriate outreach and service delivery strategies to meet the needs of these groups.

1.3 Financial Plan

Describe in sections 1.3A and 1.3B, below, the financial plan for the use of Federal and non-Federal funds to meet the SPIL objectives.

1.3A Financial Plan Tables

Complete the financial plan tables covering years 1, 2 and 3 of this SPIL. For each funding source, provide estimated dollar amounts anticipated for the applicable uses. The financial plan table should include only those funding sources and amounts that are intended to support one or more of the objectives identified in section 1.2 of the SPIL. To the extent possible, the tables and narratives must reflect the applicable financial information from centers for independent living. Refer to the SPIL Instructions for additional information about completing the financial tables and narratives.

1.3B Financial Plan Narratives

1.3B(1) Specify how the part B, part C and chapter 2 (Older Blind) funds, if applicable, will further the SPIL objectives.

The TN CILs and the TN SILC coordinate the flat amount of funds received to meet the needs of the over 700,000 Tennesseans with disabilities. The TN CILs serve 36 counties with their Part C funding. There are 59 counties that do not have full access to a CIL. The unmet need far exceeds the available resources.

Part B funding will be used to provide independent living services to people with significant disabilities and to support activities in the SPIL objectives. Part C funding will continue to be used to support CIL operations funding six Centers. Tennessee receives \$334,363 in Title VII, Part B funding plus the 10% state match for a total of \$371,514. This funding will be granted to the TN CILs and SILC by the DSE for the provision of independent living services to people with significant disabilities. It has been determined by the Council that only Centers participating in SILC meetings in person will be eligible for Part B funding.

Chapter 1 Part B dollars are used to fund the SILC Resource Plan in the amount of \$200,000 for each year (FY17-19), The SILC receives approximately 59 percent of Chapter 1 Part B dollars to conduct quarterly meetings, providing travel for the council members and the CIL directors per the SILC bylaws. The SILC also conducts extensive resource development striving for sustainable expansion of independent living programs throughout the state. The SILC's budget includes strategic planning for the CILs, advocacy training, legislative education and a comprehensive needs assessment process partnering with local universities and the DD Network. T.A.R.P Center for Independent Living will receive \$25,000 raising their funding to the TN minimum level of a minimally funded CIL which is \$200,000. T.A.R.P Center for Independent Living will receive Part B funds for this purpose until their Part C dollars amount to \$200,000.

Disability Resource Center in Knoxville declined the available step-down funds (\$50,000 FY17, \$40,000 FY18 and \$30,000 FY19) to expand services in some of the Northeast TN counties. Disability Resource Center in Knoxville also declined any Part B funding. The SPIL team recommended to equally allocate the \$50,000, designated to dRC to provide IL services in NE TN counties, to the other four participating CILs (Memphis, Jackson, Paris and Nashville). The SPIL team also recommended that the SILC use existing funds in FY17 for resource development in the NE TN counties as those counties remain a priority.

Memphis Center for Independent Living will receive \$23,161 for FY 2017, FY 2018 and FY 2019, Jackson Center for Independent Living will receive \$23,161 for FY 2017, FY 2018 and FY 2019, T.A.R.P. Center for Independent Living will receive \$23,161 for FY 2017, FY 2018 and FY 2019 and Empower TN will receive \$23,161 for FY 2017, FY 2018 and FY 2019. The funds are to be used in accordance with Title I and Title VII of The Rehabilitation Act of 1973, as amended in 2014, (Workforce Innovation and Opportunity Act), and work within the scope of the 2017-2019 State Plan for Independent Living, the five (5) core independent living services (Information and Referral, Independent Living Skills Training, Peer Support, Individual and Systems Advocacy, and Transition). Additionally, this funding is to be used to work within the scope of the 2017-2019 State Plan for Independent Living collaborating with the SILC to develop a resource plan to increase CIL capacity and sustainability to provide IL services in Tennessee.

The Older Individuals who are Blind (OIB) Program, CILs and VR have consumers who are blind with common service needs. These programs intend to collaborate to meet the needs of this population. However, those program's funding streams are not combined.

1.3B(2) Describe efforts to coordinate Federal and State funding for centers and IL services, including the amounts, sources and purposes of the funding to be coordinated.

SILCTN, DRS and the CILs ensure coordination and cooperation by which each other and other providers of IL or closely related services at the federal, state, county, municipal and public/private sector levels. Representatives of DRS and the CILs participate on the TNSILC, State Rehabilitation Council Board, and will visit and interact with staff from the other organizations. When appropriate, consumers in the various programs and each agency provides information to consumers about other programs. The DSE and TNSILC continue collaboration with centers and other entities serving persons with disabilities to avoid the duplication of efforts and to enhance the number of individual receiving ILs.

1.3B(3) Describe any in-kind resources including plant, equipment or services to be provided in support of the SILC resource plan, IL services, general CIL operations and/or other SPIL objectives.

The DSE, Department of Rehabilitation Services, in collaboration with the SILC and the IL Network, will provide in-kind support as needed and available.

1.3B(4) Provide any additional information about the financial plan, as appropriate.

Pursuant to Section 705 (c)(d)(e) of the Act and proposed rule 45 CFR Part 1329; the TN SILC does not engage in activities beyond statutory duties, authorities, and responsibilities.

1.4 Compatibility with Chapter 1 of Title VII and the CIL Work Plans

1.4A Describe how the SPIL objectives are consistent with and further the purpose of chapter 1 of title VII of the Act as stated in section 701 of the Act and 34 CFR 364.2.

The State Plan for Independent Living reflects the beliefs of the TNSILC and the CILs in promoting a philosophy of independent living including a philosophy of consumer control, peer support, self-help, self-determination, equal access, and individual and system advocacy to maximize the leadership, empowerment, independence, and productivity of individuals with significant disabilities and to promote and maximize the integration and full inclusion of individuals with significant disabilities into the mainstream of American society.

The SPIL encourages continued coordination, cooperation, and communication between the TNSILC and CILs as well as the DSE (TNDRS). This provides an opportunity to help ensure that all stakeholders are advised of, sensitive to, and responsive to the needs of individuals with significant disabilities identified by the centers in their service areas; the plans of the centers to address those needs; and that the CILs operate in a manner consistent with the SPIL.

1.4B Describe how, in developing the SPIL objectives, the DSU and the SILC considered and incorporated, where appropriate, the priorities and objectives established by centers for independent living under section 725(c)(4) of the Act.

The TN participating CILs, the TN SILC and the DSE (Tennessee Division of Rehabilitation Services) are all part of the SPIL planning team. Efforts were made to ensure that all stakeholders have ample opportunities to provide input into the development of the objectives for the SPIL, as well as other elements of the State Plan. The TN CILs provided leadership in the development of the objectives, action steps, and outcomes for this SPIL.

The SILC sponsored a SPIL team retreat, using a facilitator, encouraging all Center directors and interested Council members to participate to identify statewide needs and priorities. The SPIL retreat information was compiled and used to write the first raft of the SPIL. The first draft of the SPIL was then sent out to the SPIL team for review and comments prior to the public comment period. The SPIL team met three more times by conference call along with email communication. The SPIL process was discussed at the SILC quarterly meeting in May, 2016

1.5 Cooperation, Coordination, and Working Relationships Among Various Entities

Describe the steps that will be taken to maximize the cooperation, coordination and working relationships among the SILS program, the SILC, and centers; the DSU, other State agencies represented on the SILC and other councils that address the needs of specific disability populations and issues; and other public and private entities determined to be appropriate by the SILC.

The description must identify the entities with which the DSU and the SILC will cooperate and coordinate.

The TNSILC, TNDRS and the CILs have a strong partnership that includes frequent communication and meetings to plan, strategize and coordinate statewide efforts.

With the new organization determined by the Workforce Innovation and Opportunity Act (WIOA), the Developmental Disabilities Network may be a strong partner as they are also governed by the Administration on Community Living (ACL). Additionally, there is encouragement from ACL for the IL Network and the DD Network to collaborate. The two networks have met formerly with ACL representatives in attendance and future collaborative meetings have been set.

- The Disability Policy Alliance - an organized, formal collaborative to unify and strengthen Tennessee affiliates of national disability advocacy groups in public policy work. The Alliance develops policy and legislative priorities and annual goals during the legislative sessions. The members are: The Arc of Tennessee, Tennessee Council on Developmental Disabilities, Disability Rights Tennessee and, the Statewide Independent Living Council of Tennessee.

- The Tennessee Disability Coalition: represents statewide cross disabilities. All of the members are board members. By having a presence of the CIL and SILC board members on their Board, we can encourage more investment in CILs especially in unserved and underserved areas.

- The TN SILC executive director is a member of the following statewide councils:

- o Tennessee Technology Access Program, Statewide Advisory Council - This council is developed due to the Assistive Technology Act of 2004. It is to provide consumer-responsive, consumer- driven advice to the state of Tennessee for the planning, implementation, and evaluation of the activities carried out through the grant.

- o State Rehabilitation Council: an advisory board to DRS issues relating to persons with significant disabilities.

- o TN Family Support Council: Services might include but are not limited to: respite care, before/after care, day care, home/vehicle modifications, specialized equipment/repair/maintenance, nutrition/clothing/supplies, personal assistance, transportation, homemaker services, housing costs, health related costs, nursing, counseling, summer camp, and evaluation. The program funds services and needs that are not covered by traditional resources.

1.6 Coordination of Services

Describe how IL services funded under chapter 1 of title VII of the Act will be coordinated with and complement other services to avoid unnecessary duplication with other Federal, State, and local programs, including the OIB program authorized by chapter 2 of title VII of the Act, that provide IL- or VR-related services.

The composition of the TN SILC assures a broad, cross representation of these entities, as well as the opportunity to disseminate information/updates as applicable, to the membership.

The SILC and CILs participate in active partnership with other entities, such as local transit authorities, to develop and disseminate checklists to rural community disability leaders relative to increasing their knowledge on transportation issues. ?

The TN SILC executive director continues to make scheduled reports meeting frequently with the DSE and CILs regarding the implementation and progress of the SPIL in compliance with the grant requirements. ?

2.1B Describe any service provision priorities, including types of services or populations, established for meeting the SPIL objectives identified in section 1.2.

- TN's first priority is to increase the capacity for the existing network of CILs. Much of Tennessee is rural and all the CIL service areas can be considered underserved as no CIL yet, has the capacity to serve the population of people with disabilities within their service area. \$200,000 is the amount identified as a minimally funded CIL.

- Education of legislators and the Governor of the need for funding for non-Part C CIL counties to ensure every Tennessean with a disability have full access to CIL services.

- Youth transition services and diversion services.

- Expand IL services to unserved areas. NE TN remains a priority. The SILC will initiate resource development in that area.

The TN CILs are encouraged to collaborate with the SILC and other entities to increase funding through resource development.

2.1C If the State allows service providers to charge consumers for the cost of services or to consider the ability of individual consumers to pay for the cost of IL services, specify the types of IL services for which costs may be charged and for which a financial need test may be applied, and describe how the State will ensure that:

- Any consideration of financial need is applied uniformly so that all individuals who are eligible for IL services are treated equally; and
- Written policies and consumer documentation required by 34 CFR 364.59(d) will be kept by the service provider.

Indicate N/A if not applicable.

2.2 Arrangements for State-Provided Services

2.2A If the DSU will provide any of the IL services identified in section 2.1A through grants or contractual arrangements with third parties, describe such arrangements.

Memphis Center for Independent Living will receive \$23,161 for FY 2017, FY 2018 and FY 2019, Jackson Center for Independent Living will receive \$23,161 for FY 2017, FY 2018 and FY 2019, T.A.R.P. Center for Independent Living will receive \$23,161 for FY 2017, FY 2018 and FY 2019 and Empower TN will receive \$23,161 for FY 2017, FY 2018 and FY 2019. The funds are to be used in accordance with Title I and Title VII of The Rehabilitation Act of 1973, as amended in 2014, (Workforce Innovation and Opportunity Act), and work within the scope of the 2017-2019 State Plan for Independent Living, the five (5) core independent living services (Information and Referral, Independent Living Skills Training, Peer Support, Individual and Systems Advocacy, and Transition). Additionally, this funding is to be used to work within the scope of the 2017-2019 State Plan for Independent Living collaborating with the SILC to develop a resource plan to increase CIL capacity and sustainability to provide IL services in Tennessee.

Disability Resource Center in Knoxville declined the available step-down funds (\$50,000 FY17, \$40,000 FY18 and \$30,000 FY19) to expand services in some of the Northeast TN counties. Disability Resource Center in Knoxville also declined any Part B funding. The SPIL team recommended to equally allocate the \$50,000, designated to dRC to provide IL services in NE TN counties, to the other four participating CILs (Memphis, Jackson, Paris and Nashville). The SPIL team also recommended that the SILC use existing funds in FY17 for resource development in the NE TN counties as those counties remain a priority.

2.2B If the State contracts with or awards a grant to a center for the general operation of the center, describe how the State will ensure that the determination of an individual's eligibility for services from that center shall be delegated to the center.

The Department of Human Services Office of Inspector General (Contract Unit) conducts bi-annual monitoring reviews of all centers receiving Part B or other State grants for the general operation of the center to ensure compliance with the grant/contract and statutory provisions of the Act as amended that includes eligibility determination made by the center. Results of the site reviews will be provided to the DSE/SILC and recorded in the 704 Part I compliance report.

Part II: Narrative: Section 3 - Design for the Statewide Network of Centers

3.1 Existing Network

3.2 Expansion of Network

Describe the design for the further expansion of the network, including identification of the unserved and underserved areas in the State and the order of priority for serving these areas as additional funding becomes available (beyond the required cost-of-living increase).

It is a Tennessee priority to support the needs of existing centers in their efforts to establish an effective statewide network of IL services. Should new, long term, ongoing additional Title VII, Part C federal funding become available during the course of this three-year plan, the funds will be distributed according to the following:

- a) Long term funds up to \$ 50,000.00 a year will be distributed equally among existing federally funded CILs, participating with the SILC, in Tennessee that meet the federal definition of a Center for Independent Living. This ensures the established statewide network and its infrastructure to provide service and outreach can be maintained.
- b) Long term, ongoing funds greater than \$50,000.00 could be used to support expanded services within a Tennessee CIL or CILs. When notification of additional funding is received the SILC will inform the CILs and initiate a collaborative process including a needs assessment and application process. This ensures that the expanded services of a CIL interested in pursuing federal funding will further the goals of a establishing a statewide network of IL services in Tennessee.
- c) Long term, ongoing funds greater than \$ 300,000 could be used to begin the establishment of a new CIL. When notification of additional funding is received the SILC will inform the CILs and

initiate a collaborative process including a needs assessment and application process. It will be established that a routine process to create or locate a new CIL will include thoughtful collaboration between the Tennessee CILs to ensure a new CIL is located in a community of need, the SILC to ensure compliance with provisions of the SPIL and the DSE to ensure the inclusion of their duties as defined in The Rehab Act, as amended.

d) Any one time or short-term federal non-Title VII Part C funds that are not restricted, would be equally distributed to all CILs. When notification of additional funding is received the SILC will inform the CILs and initiate a collaborative process between the CILs, the SILC and the DSE to distribute the funds and discuss any additional requirements.

A minimum funding level of \$300,000 in operating funds is established for Part C funding. If sustained, ongoing, Part C funding of \$300,000 is available to the CIL Network the priority for a new CIL is Northeast Tennessee including the following counties: Sevier, Jefferson, Union, Grainger, Hamblen, Sullivan, Johnson, Carter, Washington, Unicoi, Greene, Hawkins, Hancock, and Claiborne. Other counties not receiving Part C funds are listed in priority: Dyer, Lauderdale, Tipton, Fayette, McNairy, Hardin, Wayne, Lewis, Lawrence, Giles, Hickman, Maury, Marshall, Bedford, Lincoln, Bedford, Moore, Franklin, Coffee, Cannon, DeKalb, White, Smith, Trousdale, Macon, Clay, Pickett, Overton, Putnam, Vanburen, Warren, Cumberland, Fentress, Scott, Morgan, Roane, Campbell, Anderson, Loudon, Blount, Monroe, Sevier.

Should a Part C CIL either relinquish or have its award terminated and after collaboration with the Administration on Community Living; the first priority will be to guarantee continuation of services covering the service area vacated by the Part C CIL that relinquished or had its federal award terminated.

3.3 Section 723 States Only
